

HourGuard

Team 4: Nicholas Dumford,
Bobby Fechtel, Chase Smith
Advisor: Dr. Shane Halse
College of Education, Criminal
Justice, and Human Services

The Problem

- Cell phones are distracting and constantly begging for attention
- Social media apps are especially addicting, designed to keep you on them as long as possible
- Current solutions are primarily designed for parents

About HourGuard

- HourGuard is a psychology-backed time management app for Android devices
- Helps the user build healthy screen time habits
- Designed for self-regulation

Technologies

Our Solution

Flexible App Limits

Set daily limits, per-session timers, or both

Prevents Habituation

Thoughtful deterrence tasks prevent mindlessly opening addictive apps

Track Progress

Streaks for staying within set app limits provide positive reinforcement

HourGuard

Daily time limit usage:

00:07:35 of 01:00:00

You currently have a 7 day streak!

**You must complete a task before
you can open YouTube.**

What is 100 divided by 4?

Type answer here

Optionally, set a session timer:

Duration: session timer not set
